Coming Soon:

JANUARY – MARCH 2010

Dear supporting churches and friends, the snow has finally stopped falling and a little warmth has at last begun to settle into south New Jersey again. We have been blessed to pick up ***four supporting churches so far in 2010****. We are continuing with our travels to preach in and present the ministry to various churches, mainly in New Jersey and New York. In January, I traveled to North Carolina, and in February, we attended an excellent missions conference in Longview, Texas.*

It is encouraging how receptive churches in New Jersey have been towards us and church planting in Staten Island. We have enjoyed an enthusiastic reception from believers in Debtford, Millville, Riverdale, Camden, Howell, Caldwell, and Flanders, New Jersey. Meanwhile, our ***prospect list for Staten Island continues to grow*** *as members tell us of their hope in reaching family members in Staten Island. Along those lines, a recent phone call from a police officer who lives in Staten Island and is going through some dire family problems gave me an opportunity to speak of Hope Baptist Church starting there in late summer.*

Our goal is to return to Staten Island, New York City borough of over half a million people, before the end of August. We are currently at 65% of our needed support.

We will be traveling to Maine next month to ***present the work in three missions conferences****. I have been going into Staten Island for the purpose of visiting with some police officers and am presently involved in the scouting of a good meeting place to hold services.*

PLEASE PRAY for the ***remainder of our support*** *to be raised so that we can make the move to Staten Island in August.*

In HIS service,

Jeff Knudson & Family
