21. Trial (Nature of) (Testing)

You may use this for family devotions and or family dinner time to discuss things learned from your personal reading of God's Word.

You can do this by assigning different words to each family member participating for them to share how they saw that word used or the concept played out in real life as recorded in the Bible.

Example: Blessings, the condition and nature of the blessing God promised Adam & Eve, or the consequences of disobedience.

You may also select words not listed or in addition to those listed or you may find words or situations you want to elaborate upon.
