First & Second Chronicles continue in the same manner as First & second Samuel, First & Second Kings. In the last chapter, II Chron. 36:21,22. And in the final few verses also is the edict to rebuild for which the books of Ezra and Nehemiah follow.

All the names, as difficult to pronounce and seem a waste of time to read, they have significance with God and also remind us how even our names have significance with God. Each name was important in God's master plan and the lineage is important to the future.
