

Heavens Greatest Gift – Part III

(Revelation 19:1 – 6)

Intro: We have been looking on the other side of the rapture to see what God has for us. We will not go through the Tribulation, however seeing that God has given us the book of Revelation there must be some things He wants us to take away from it and make application. That something He wants us to take away is that our lives on this side of the Rapture should be lived in a God honoring fashion. The glimpses we have been given into heaven are glimpses with a message for us to live our lives for His glory and not wait until we get to heaven to glorify Him. The voices we are dealing with in **Revelation 19:1** is what God sees taking place then, but wait a minute, think this through, those voices then are you and I who have been raptured and are in heaven. It is the future reaching back encouraging us to not wait until we are in heaven to glorify the Lord our God. **II Timothy 3:16** includes Scripture we may not be able to fully understand or even comprehend.

As we finish this third part of 'Heavens Greatest Gift', we have just one more point before we move on to the last study in this series.
